1957-58 SEASON

ACCEPTANCE OF ORDERS: We accept orders on condition that same shall be void should any injury befall our stock from fire, frost, flood, drouth, or any other cause which could not be prevented and over which we have no control.

GUARANTEE: We exercise great care to have our nursery stock true to name; nevertheless it is understood that should any stock prove otherwise, we shall not be liable for any sum greater than that paid to us for only such stock as shall prove untrue.

PRICES: All prices are subject to change without notice. This list cancels all previous lists and all plants listed are subject to stock on hand or prior sales. Californians add 4% tax.

PACKING AND SHIPPING: Plants are packed in lightweight cardboard car-

tons to make them as light as possible, and are sent Express collect. Our responsibility ceases upon delivery to forwarding company and any claims for damaged plants should be made to them. We are a "Pinto Tag" Nursery and plants shipped inside California need no "destination inspection" excepting in the counties of Tulare and Ventura.

cepting in the counties of Tulare and Ventura.

Plants being shipped to the South Atlantic and Gulf States require "bare rooting." The soil is carefully WASH-ED from the roots and the plant is REPLANTED, in the same container, with pure peat. It may be left to grow as you receive it, or may be transplanted to the garden. Feeding is necessary if left in the peat—preferably liquid. This has been a very successful mode of shipping and, of course, is a big saving on Express charges because of the light weight.
